

Photosynthetic Antenna Research Center

SEMINAR SERIES

Presents

“Structural and Functional Modularity in the Evolution of the Cyanobacterial Orange Carotenoid Protein”

Dr. Cheryl Kerfeld

Hannah Distinguished Professor of Structural Bioengineering, DOE Plant Research Laboratory and Department of Biochemistry and Molecular Biology, Michigan State University

Tuesday, April 18, 2017

11:00 am - 12:00 pm

Brauer Hall

Room 12

Refreshments will be served

PARC Seminar Series is supported by the

US Department of Energy, Office of Basic Energy Sciences as part of an Energy Frontier Research Center
